May 15, 2017

Dear Valued Customer:

Thank you for your support of the Gentex product line. We truly value your business, and strive to continue to provide you with the highest quality products.

We regret to inform you, our valued partner, that rising component costs necessitate our raising the price of our line of speaker and speaker/strobe products listed on the following pages, effective July 1, 2017.

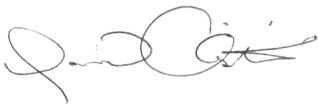

Gentex has always worked hard to maintain and lower costs of all our products through increased efficiencies in our Zeeland, Michigan manufacturing facilities, but ultimately, have limited control of the pricing of our sourced component parts.

We will continue to honor any previously quoted pricing if the order is placed within the next 90 days, as long as verification of the quote is provided.

We would appreciate it greatly if you would extend this information to all your branches, purchasing and sales team as applicable.

Thank you for your continued support.

Best regards,

Dave Christian  
Operations Manager
